May it please Your Majesty,

With my humble duty, on behalf of the Government of Jersey, I would like to express my profound sympathies on the death of Her Majesty The Queen.

Her Majesty's many years of devoted public service as the longest reigning sovereign of the British Isles will leave a permanent imprint on the national character. This will be felt particularly acutely in Jersey given our Island's longstanding connection and loyal allegiance to the Crown. Throughout her reign, Her Majesty was an inspiration to many Islanders.

Her Majesty had visited the Island on six occasions, including most recently during the Sixtieth Anniversary of the Liberation of Jersey from German Occupation.

Please accept my deepest condolences on behalf of the Government of Jersey and this small Island nation of loyal servants to the Crown whom we are honoured to represent.

I have the honour to remain, Sir, Your Majesty's most humble and obedient servant.

Deputy Kristina Moore
Chief Minister
