

JERSEY
COLLEGE

February 2021

Pupils and students from JCP & JCG launch our new four-year Strategy: Believe You Can

Jersey College is delighted to announce the publication of our new four-year strategy which sets out how we will empower our young people by providing them with an outstanding, tailored education, the best facilities and excellent pastoral care from the age of 4 - 18. In short, we Believe You Can.

It was launched by pupils and students from both JCP and JCG, whose voices were captured on a short film.

Our culture is built upon the quality of our relationships; we display passion, kindness care and belief in the ability of every single individual. The next four years will undoubtedly see great educational, technological, political and environmental change, with this strategy written in the wake of Covid-19. We will be strengthening our mental, emotional and intellectual resilience by demonstrating our mindset for success:

- Valuing persistence
- Embracing challenge
- Learning from mistakes
- Knowing and using what strategies works best for those in our care and those around us

Key areas of our Strategy are:

- Our Participation
- Our Communication
- Our Curiosity
- Our Partnerships
- Shaping and Amplifying our Profile and Reputation
- Our Governance, Financial Health and Stewardship

Hear directly from our students and read the Strategy in full [here](#).

In this, our 140th year, there is no better time to re-evaluate our ambition, our identity and our purpose. We owe our young people nothing less.

Karen Rankine, chair of Governors, says, 'We are delighted to be publishing this vision for Jersey College that sets out clear ambitions and measurable objectives for the next four years. We are incredibly proud of how our College community has adapted and met the challenges

of the past year and looking ahead this strategy focuses on ensuring that our students continue to benefit from an outstanding education within an inclusive and supportive environment.'

ENDS

Jersey College

Founded in 1880, Jersey Ladies College has been at the forefront of girls' education in Jersey for over 125 years and has a well-deserved reputation for academic excellence and service to the Island community.

Our pupils and students thrive on expert teaching, state of the art facilities and a vast range of extra-curricular, enrichment and expedition activities. They are enterprising, friendly and ambitious and they have wonderful purpose, energy and sense of service to others. Our staff care and are dedicated, creative and talented. Our exceptional academic results are a testimony to the personal and collective success of all at JC. From here, our students go on to study at good universities, both in the United Kingdom and across the world.

Each day we strive to deliver the very best educational experience for our students. This experience should deliver outstanding academic achievement and, more importantly, nurture someone who is happy, well-mannered and able to find fulfilment in one's service to others. We want their time at JC to be a chapter in their life they are able to look back upon with happiness and pride and see how their mind and sensibility evolved to create a person capable of forging a successful and rewarding life. In short, we strive to develop their understanding of themselves and the positive impact they can make on the world.
