Alight Pop Pickers? Here is you Monday night Top 10 countdown – not ‘arf...

It’s new entries with numbers 1 & 2, With a Track (& trace) from the Chief Minister’s twitter page:

***“Our robust testing has picked up two asymptomatic cases (out of the 2067 passengers tested so far). Our track and trace team has worked efficiently to locate all contacts and advised them to take the appropriate measures.***

***The border measures that @GovJersey & @PortsofJersey have implemented remain amongst the best in Europe and are in-line with the latest expert medical advice which STAC has reconfirmed today***

***I’d like to thank our testing & contact tracing teams, & all those working at PoJ for their continued hard work which has ensured the successful implementation of our border measures thus far. Thanks to their diligence all testing of arrivals has been done within 1hour 20mins”***

## **News**

And in at Number 3, up 10 million from last week... Mr Blue Sky...

### **Financial support for Blue Islands**

The Government is to provide a loan of up to £10 million to Blue Islands. The Minister for Treasury and Resources has signed a Ministerial Decision agreeing to invest in the airline to maintain important links with regional UK airports and a number of European destinations.

<https://www.gov.je/News/2020/Pages/BlueIslandsLoan.aspx>

It’s a non-mover at number 4, for the past three weeks... We’ll Meet Again...

### **Economic Council**

Jersey’s newly formed Economic Council has now held three meetings as part of the ongoing work to create the conditions for a strong recovery post-Covid19

The highest climber on the plastic slide - At Number 5 – If The Kids Are United

**Nurseries that remained open during pandemic to get £65k**

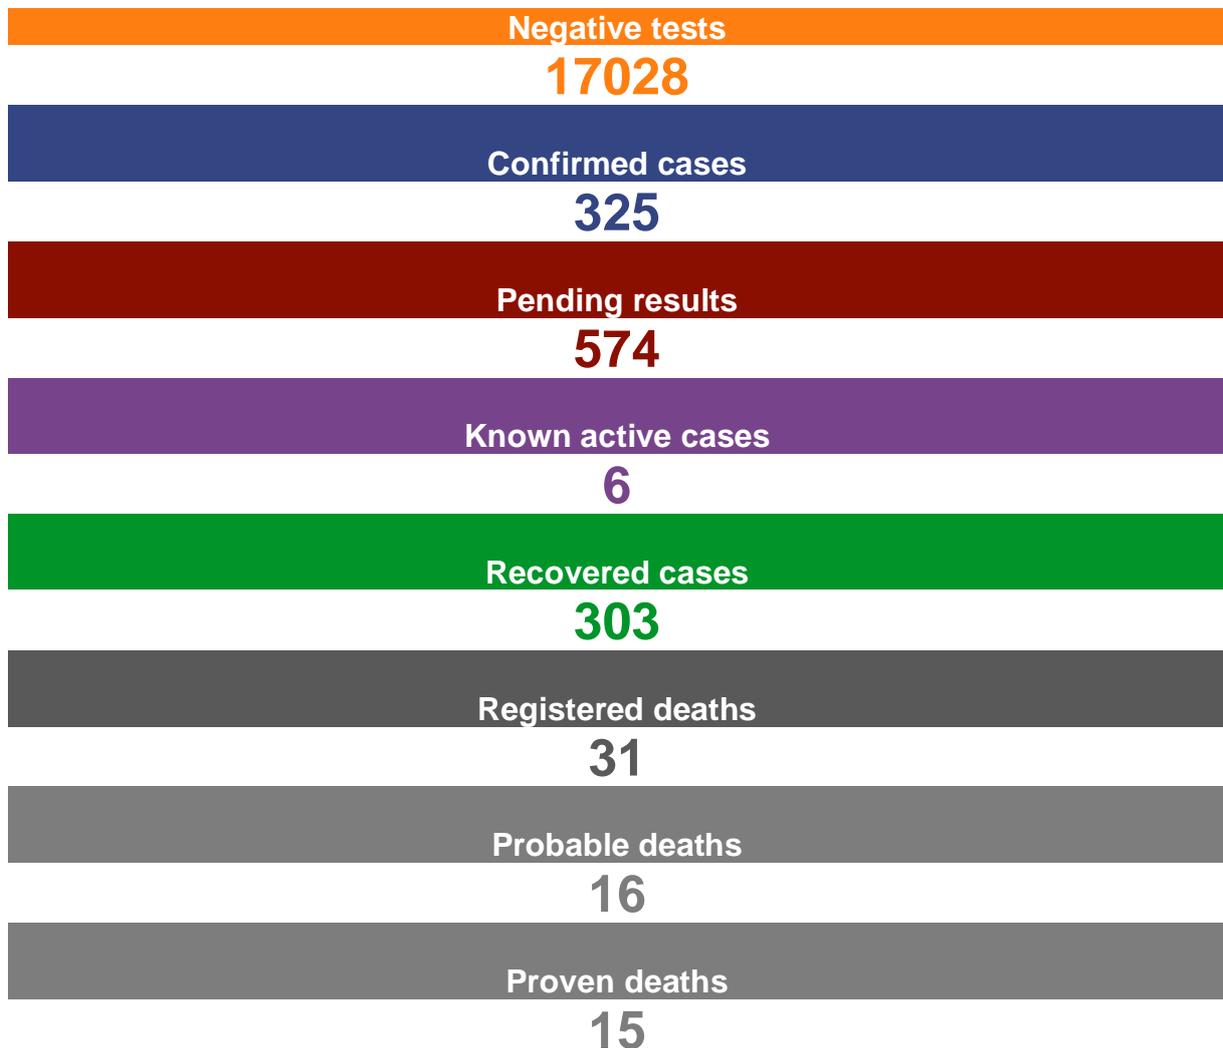

The Minister for Education has approved £65,000 of funding to be paid to nurseries which provided care for children of critical workers and vulnerable children during the lockdown.

<https://www.gov.je/News/2020/Pages/NurseriesFunding.aspx>

And down five to number 6... (you see what I did there?)

R Kelly – I Believe I Can Fly

**The numbers**

How current active cases were identified:

|                             |   |
|-----------------------------|---|
| Seeking healthcare          | 0 |
| Admission screening         | 1 |
| Planned workforce screening | 3 |
| Contact tracing             | 0 |
| Arrivals screening          | 2 |

At 7 – A classis from the Beatles...

### Help

The use of Closed Circuit Television has become so commonplace that most people have become oblivious to the risks that it poses." The Jersey Office of the Information Commissioner's 'CCTV under Scrutiny' blog puts closed circuit television in the spotlight. Read more here:

Webinars  
Global Insights

Thursday 16 July - 10.00am - 11.00am

[Register here](#)

Join Hannah Essex, BCC Co-Executive Director in conversation with Frances O'Grady, General Secretary of the British Trade Unions Congress for our Global Insights Leaders Programme virtual event.

Hannah and Frances will discuss the likely long-term changes in the economy, future demands of the employment environment and the balance between the right education, expectations of Industry 4.0 following the global pandemic crisis.

Other topics will include the investment in infrastructure and training that will be needed to address the long-running weaknesses in our skills base and how we must address the diversity and inclusion gaps in our society to ensure a competitive social and economic environment that is fit for the future

Inside the top 10 – and still outside the building - at number 9  
Keeping the Customers Satisfied Simon & Garfunkel

### **The good people at Government of Jersey Customer & Local Services in La Motte Street have some wise words...**

Customer and Local Services have been able to make it easier for customers by moving our services online and improving our telephone service. Most [services are now available online](#) including registration cards, paying social security contributions, updating contact details, applying for a free TV licence, and attestation certificates. Since moving to level 2, if we can't provide the support the customer needs over the phone then we can now provide a face-to-face appointments – call CLS on (01534) 444444, email [customerservice@gov.je](mailto:customerservice@gov.je) or go online.

And making up the top ten, it's not the Wander, it's not 500 miles, but it is  
Blondie – Hanging on the Telephone

### **Roaming**

**You may not have done this for a while, so perhaps a timely reminder from the telecoms sector.**

#### **Tonight, Roaming tips from JT if you about to head off somewhere...**

- Since the 20<sup>th</sup> May, all mobile customers on JT One plans have been able to 'Roam Like Home' with their mobile data. This means they can use their domestic mobile data bolt-on subscriptions when travelling in the UK, Europe or USA. More information on the JT One plan (which includes unlimited usage on our 1Gb broadband speeds) can be found here: <https://www.jtglobal.com/jersey/jt-one/>
- Customers that aren't on a JT One plan can still continue to enjoy some of the best roaming rates in the Channel Islands. The outbound call, text and data rates that are charged to customers when using their mobile phones in the UK & Europe mirror JT's local out of bundle rates. More information can be found here: <https://www.jtglobal.com/global/uk-europe-rates/>
- JT offers a variety of mobile bolt-on's tailored to those pay monthly customers who intend to use their phone more than the norm. For example, a customer could choose to add our 'Data roaming bolt-on' for £5.25 month, reducing their data rate from £3.99/MB in 'Rest of World' locations to 50p. A list of available bolt-on's can be found here: <https://www.jtglobal.com/global/data-bolt-ons/>
- Excluding the above, JT provides its pay monthly customers with a multitude of options to assist them in managing financial spend whilst roaming. Namely:

- When JT recognises that a customer has connected to a foreign network and accessed mobile data, the customer will immediately be sent a text message informing them that roaming rates apply and to contact JT if they need more information.
- If the customer continues to accumulate data charges, they will receive similar text messages at set monetary thresholds, i.e. £10, £20, £50, £100 etc.
- JT generates an internal report on a daily basis to identify which customers have incurred charges beyond their typical spend. A representative within the JT Call Centre will then attempt to get in touch directly with the customer to alert them of any charges that have been incurred thus far, and again to offer the most suitable bolt-on's for their needs.
- The ability to place a £50 monetary cap on their data spend whilst roaming. In other words, the customer will be permitted to incur up to £50 in data charges before their service is restricted. If they meet the £50 limit, they will receive a text message informing them and to get in contact if they would like the cap lifted. More information can be found here: <https://www.jtglobal.com/global/data-caps/>
- They can access real-time billing information and make changes to their plan 24/7/365 through the JT 'My Account' app. More information here: <https://www.jtglobal.com/jt-help/jersey/it-apps/>
