Wednesday 3<sup>rd</sup> June 2020.

Normally I'd launch into the news – as once again we get a heap of new revelations to unveil. In the madness that is everything at once then nothing at all, today is mostly the later... with the exception of the COVID-19 Strategy published a few moments ago just as I was about to press send!

Madness... I see squiggly lines and dream sequence...

*Welcome to the house of fun*

*Now I've come of age*

*Welcome to the house of fun*

*Welcome to the lion's den*

Anyway, here that news and information...

## **The COVID19 related News**

### **Covid-19 Strategy is published**

In a recent States Assembly debate, the Chief Minister agreed to publish the Government's Covid-19 strategy within 2 weeks, and then to publish any updated versions, to ensure that Islanders are fully informed about the strategy Government is following.

The Government has today published its Covid-19 strategy update, to suppress the virus, contain it where it arises, and to shield those most at risk. The aim remains to control the virus in a safe and sustainable way that protects Islanders by causing the least overall harm.

## Help

If you've always wanted some influence? Here is your chance...

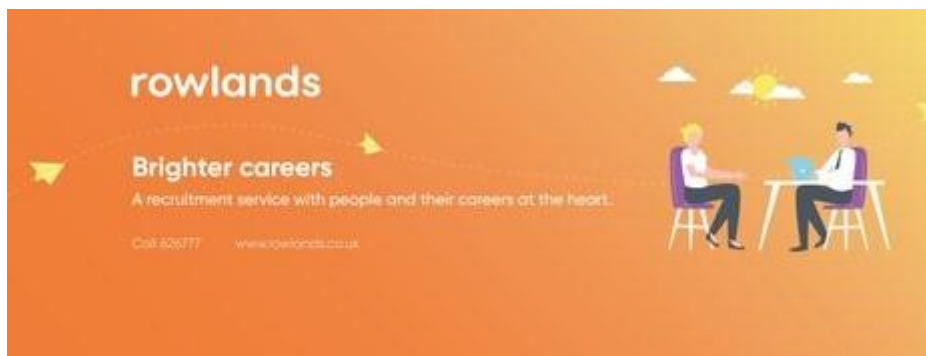

Chamber President Jennifer Carnegie has been invited to join the new Economic Council that is being set up by the Deputy Chief Minister, Senator Farnham. The Council is tasked with helping to support the generation and evaluation of relevant ideas around economic renewal, for the Government Plan, that can be considered more widely by the Political Oversight Group, Council of Ministers and as appropriate, the States Assembly.

**In addition, Chamber has also been asked by Government to share our views on the top five issues that we believe should feature in the renewal planning.** This includes the role that we can play in supporting delivery of those initiatives, ideally within the resources currently available in the Island.

Chamber would very much welcome your thoughts and ideas, so please share them by email in the next few days.

## **Interactive Webinars from Rowlands**

Valued Chamber members Rowlands, are providing essential support to businesses as they navigate their transition back to the workplace. Partnering with experts in business change, transitions and leadership, Rowlands are bringing highly anticipated, practical courses to the island. Two interactive webinars, Leadership in Times Of Change and Transitioning Back To The Workplace, are being hosted by them in the coming weeks and offered to all businesses and individuals who wish to participate.

Working in conjunction with Jeff Grout (Leadership In Times Of Change) and Resilience Development (Transitioning Back To The Workplace), the courses aim to equip attendees with the tools and skills they need to support their employees, as they start to navigate the somewhat turbulent transition back to the work place. To speak to Rowlands and to sign up for the courses, get in touch with them at [www.rowlands.co.uk](http://www.rowlands.co.uk)

Finally - A word from our sponsors – Le Gallais & Luce.
